

Internet Filter

By Bud Hunt

It's all about the filter.
I want to read with you, to bleed with you
But I can't because

Internet access to the requested website has been denied based on your user profile and organization's Internet Usage Policy.

I want you to see this, to know this
To think about how you own this
But I can't because

Internet access to the requested website has been denied based on your user profile and organization's Internet Usage Policy.

It's funny because
I read this story last night
And I want you to see it
Here
Take a look:

Internet access to the requested website has been denied based on your user profile and organization's Internet Usage Policy.

Somewhere, someone can view
What it is I want you to see
But not you
And not me
Take a look and we'll get

Internet access to the requested website has been denied based on your user profile and organization's Internet Usage Policy.
